

# MENU

## Workshops & Trainings

Available in-person or virtually. All packages include a facilitated preparation session and closing notes.

### Listening Lab: The Art of Active Listening

Elevate your personal and professional relationships with our "Listening Lab: The Art of Active Listening" training. Discover the secrets to becoming an active and empathetic listener, improving communication, and connecting more deeply with others in both your personal and work life.

### Unlocking Collaboration: A Framework for Success

Transform your organization's collaborative efforts with our training, "Unlocking Collaboration: A Framework for Success." Learn how to implement a proven framework that fosters seamless teamwork, maximizes productivity, and drives success across your projects and teams.

### On the Block: Outreach Strategies Unleashed

Empower your team with the essential outreach skills they need to make a lasting impact in their communities with our training, "On the Block: Outreach Strategies Unleashed." Equip your team with practical strategies, tools, and insights to engage, connect, and create positive change in the neighborhoods you serve.

### Your Message, Your Influence: Mastering Effective Communications

Transform your team's communication prowess and influence with our training, "Your Message, Your Influence: Mastering Effective Communications." Equip your employees with the skills to craft compelling messages that resonate, ensuring they drive home their ideas, engage audiences, and achieve their communication goals effectively.

### Powerbuilding through Consensus: Empowering Collective Action

Drive your organization's success by harnessing the power of unity and collective action with our training, "Powerbuilding through Consensus: Empowering Collective Action." Equip your team with the strategies and tools needed to build consensus, unite diverse voices, and galvanize collective strength for transformative results.
